EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with J. Scot Wickhem on February 18, 2004.

The application has been amended as follows:

Cancel the previous Abstract and replace with the following:

A guide wire, and a method for the manufacture thereof, having a core and a plastic jacket enclosing at least a portion of the core. In some embodiments, the guidewire also includes a radiopaque coil disposed about a first portion of the core wire. The polymer jacket includes a first portion disposed about the radiopaque coil, and a second portion adjacent the first portion and overlaying and in contact with a second portion of the core wire. In some embodiments, the plastic jacket comprises a proximal portion formed of a first plastic material and a distal jacket portion formed of a second plastic material.

2. The following is an examiner's statement of reasons for allowance: After reviewing the amendment and remarks filed on January 28, 2004, the claims were found to be allowable since no prior art could be found teaching or suggesting a

guidewire comprising: the distal end of the radiopaque coil is connected to a distal end of the core to form a connection, wherein the plastic jacket encapsulates the connection. Claims 35, 40 and 41 remain allowable per the reasons set forth in paper No. 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Brian Szmaj whose telephone number is (703) 308-3737. The examiner can normally be reached on Monday-Friday, with second Fridays off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Max Hindenburg can be reached on (703) 308-2701. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
